PRINTING RECOMMENDATION:

Take the file to your local print shop or upload to an online printing service. I recommend printing on high quality paper or card. Matt or satin finished papers or card give the best results for my art.

CUSTOM SIZE:

If you need a custom size, I can arrange for it to be emailed FREE of charge. Just contact me.

COLOURS: may vary slightly from your monitor and that of the printed product. Different paper finishes and printer settings produce different colour results.

USAGE & COPYRIGHT:

Purchase of the files does not transfer ownership, rights for reproduction or for resale. The files are made available for your personal use only and may not be distributed or used for any type of resale, licensing, or commercial use.

If something is not right, contact me immediately so I can rectify to your satisfaction.
